THE KIRMESS SCENES NEARING COMPLETION

REHEARSALS IN PAST WEEK HAVE WORKED MANY WONDERS

LITTLE PEOPLE

Are Showing Better Progress Than Older Ones—Cabaret Scene Very Beautiful.

Another week of such efforts and progress as the past week has witnessed will see Anderson's grand kirmess very near the state of perfection. The past week truly has been a very strenuous one for participants and directors and both are very much pleased with the results which have been obtained. And they should justly feel pleased as well as proud for some wonderful work has been accomplished. In fact some of the scenes are practically completed now, especially the ones in which the younger sets are taking part. Among these scenes may be mentioned "The Midsummer Night's Dream," "A Night in Koko's Garden" and the "Strollers."

The first mentioned number is made up of nearly one hundred little girls and it is truly marvellous to witness the perfection that these little folks have reached in this very difficult number.

It is noticeable that the scenes nearest completion are the ones made up of the younger members of Anderson's amateur talent and that the scenes which are not making the proper progress are the ones in which the older members are expected to take part. Every effort will be made to remedy this and it is believed that quite a sufficient number of young men and women will be on hand tomorrow night to make up the missing parts. The absence of older material, however, has not made any difference materially thus far, but beginning tomorrow the chief directors of The Kirmess will be on the scene, and rehearsals will be earnestly pursued with the hope of nearing completion during the week, and this can easily be accomplished if the proper efforts are made. So if you haven't already attended rehearsals be on hand tomorrow night to see what is being done and do what you can to lend the ladies of the civic association your assistance.

The famous cabaret scene will be started this week, and this much talked of number will surely prove very interesting to the representative people of the city, for in this number is presented a real modern, up to date cabaret with all its accompanying features and it is bound to prove a winner.

The Kirmess has just been presented in Greenville with the most wonderful success and the whole city has been enthralled with the spirit. It was with much regret that the much heralded event at last came to an end, so let Anderson catch the spirit where they left off and make the most of this approaching social event of the season.

FORMAL OPENING OF ST. MARY'S HOSPITAL

WILL BE HELD IN BUILDING TOMORROW—PUBLIC RECEPTION

LUNCHEON GIVEN

Between 12 and 1 O'clock to Ministers, Physicians, County Officials and Others.

The formal opening of St. Mary's hospital, built and owned by Dr. C. S. Breedin, will be held on Monday at the hospital in North Anderson. Invitations have been extended to all of the ministers and physicians in the community, members of the city council, newspaper men and county officials to be present at a luncheon to be served Monday between the hours of 12 and 1. A reception will be held Monday afternoon between the hours of 5 and 7 to which the public is cordially invited.

Mrs. Breedin stated yesterday that owing to the fact that several of the ministers could not be reached by telephone, they were asked to consider press notices as invitations. Dr. and Mrs. Breedin have telephoned all of the ministers in the city and community and the invitation is extended to all who live near Anderson.

Owing to the fact that there has been considerable delay in the furnishings for the hospital reaching Anderson the formal opening has been postponed. The building was finished several weeks ago but the hospital could not be opened until the furniture arrived.

BUSINESS MEN WROTE LETTERS ABOUT PLAN

PLEASED WITH NEW MAIL SERVICE PROPOSITION OFFERED

BE MUCH BETTER

Since Morning Mail Could Be Distributed By Time it Now Reaches This City.

Several prominent business men of the city yesterday wrote letters to Mr. E. Thomason, general manager of the Piedmont & Northern Lines, in which they thanked him and heartily endorsed the offer which he made recently to get the early morning mail into Anderson sooner.

The proposition as made by Mr. Thomason was to the effect that the & Northern would bring the early morning mail to Anderson six months free of charge, which would place it in this city at 7:35 o'clock instead of 8:15 as is now the case. Mr. Thomason has taken up the matter with Mr. Metz, superintendent of the postal department service for this territory, and the people of the city are awaiting the outcome of the proposition with the greatest interest.

The morning mail now arrives on a Blue Ridge freight train from Seneca, which is scheduled to reach Anderson at 8:15. Frequently this train is late which causes much dissatisfaction. The morning mail is probably the heaviest of the day and its delay has been the cause of complaint for a long time.

Mr. Thomason now proposes to bring this mail, the same that comes from Seneca, over the first interurban train coming from Greenville, which reaches this city at 7:35 o'clock. This would allow its being distributed by 8:15 and would be much better than the present service.

DRUGS SHOW MARKED INCREASE IN PRICE

LOCAL DRUGGISTS ARE PURCHASING IN SMALL QUANTITIES

RESULT OF WAR

Carbolic Acid Shows Increase From 14 Cents Per Pound to \$1.75—Will Be Relieved.

With money as easy as it is now, and with cotton bringing a good price, it seems almost inexcusable to talk about effect of the European war on local conditions. However, the great conflict is affecting the market prices of a great many products that are used locally very extensively and sometimes it is well to notice a few of these conditions.

One of the most noticeable effects of the war is the increase of price of standard articles or products is that of drugs. As is well known, a great many of the drugs used in America are either German or English products and since few of these can now be obtained, their price has increased tremendously.

These increases are being felt by the druggists in Anderson and therefore by the public generally. Many people are wondering why their medicines are costing so much more than they did a few months ago and are saying all kinds of things about the doctors and the druggists, when in fact they should be aiming their abuse at the war.

It is well to note the increase in price of some of the heavy drugs; Epsom salts for example, was formerly 14 cents a pound, is now \$1.75, and very little can be secured at that price. This is being used extensively in the European hospitals as an antiseptic. However, it is stated that there will be plenty of carbolic acid a little later since Thomas A. Edison has said that he has discovered a process to make it here at home and will be supplying the market before long.

All druggists are purchasing in small lots and are doing this in order that they may be able to take advantage of the decrease in price when it comes. No prices are guaranteed by the wholesale houses.

At Oakwood Church. We are expecting a great day at Oakwood Baptist Church tomorrow since we will have with us the Rev. A. C. Chaffin of Charlottesville, Va. He will preach at 11:30 a. m. and 7:30 p. m. Rev. Chaffin is known to be an excellent preacher and we invite the public to come and worship with us at both services.

E. C. White.

OVERLAND CARS

Another Shipment of Overlands Arrived Yesterday

Five Carloads of OVERLANDS Sold in the Past Three Months

Don't wait till Spring; advance information shows that cars will be higher in the Spring on account of the enormous export of trucks, and the great amount of steel and aluminum used for war purposes. All material is running short.

Already, two of the largest factories have recalled their present prices. Any style car you may wish in this shipment. Call and see them.

Free Admission to Ladies and Girls

MATINEE TOMORROW (Monday Afternoon)

The Celebrated "Lynch Trio"

AT THE

BIJOU

At a big expense we have secured the celebrated "Lynch Trio" of Boy and Girls singers for this coming week at The Bijou theatre; and in order that every girl and her mother may hear them tomorrow, we have decided to throw open our doors to the Afternoon Matinee and admit them to that performance absolutely FREE of any cost whatever.

This trio of singers is composed of two little girls and one brother, who are accompanied by their parents wherever they go; and as they have been singing on the "Big Vaudeville Circuit," they have been "traveling come." They are always in such great demand that an order for them has to be in for some time before they can be secured.

Our confidence in their ability to please you is so great that we are admitting the ladies and girls FREE this first Matinee, believing that you will be bound to come back to hear them again and again.

Matinee Prices to all (except as mentioned above) 10c Night 15c

Usual Moving Picture Program, As Usual

CONFERENCE AS WHOLE WAS VERY SUCCESSFUL

TWO SESSIONS HELD AT ANDERSON COLLEGE YESTERDAY

LUNCHEON SERVED

At College After Which Afternoon Session Began—Total of 41 Were Present.

The second session of the district teachers' convention began in the Anderson college auditorium yesterday morning at 9:30 o'clock with a total of 21 teachers enrolled from the counties of Greenville, Oconee, Pickens and Anderson.

The session, like the one on Friday evening, was very informal and general discussion was entered into on matters regarding high school work. Dr. W. S. Currell, president of South Carolina university, made an interesting talk on the relation of the high school and the colleges, asking if the standard of the former was high enough to conform with that of the latter. This caused a talk to be made by Supt. J. C. McCants who defended the above question, defending the high schools to a certain extent.

At 1:30 o'clock the teachers were the guests at Anderson college for luncheon. The afternoon session convened at 2:30 o'clock and another hour and a half was spent in discussion of high school topics. Featuring all three of the sessions have been talks by Dr. Currell, Supt. E. C. McCants, Prof. W. H. Hand and Supt. J. B. Felton.

This convention has no organization and therefore has no officers. The meetings are called at the will of Prof. W. H. Hand. This one has been a good one and all those attending have derived much benefit from the discussion of high school subjects.

4,925,000 Passengers a Day

The subway, surface and elevated lines of New York city carried, on an average, nearly 4,925,000 persons a day in the fiscal year ended June 30, 1915. This is the report of the public service commission which places the total for the 265 days at 1,307,632,736. In addition there were 365,000,000 transfers collected of nearly 1,000,000 a day. For carrying these people the companies received \$21,244,425.41. This is approximately 27,800,000 a month, \$2,450 a day, \$10,700 an hour or \$180 a minute. Commerce and Finance.

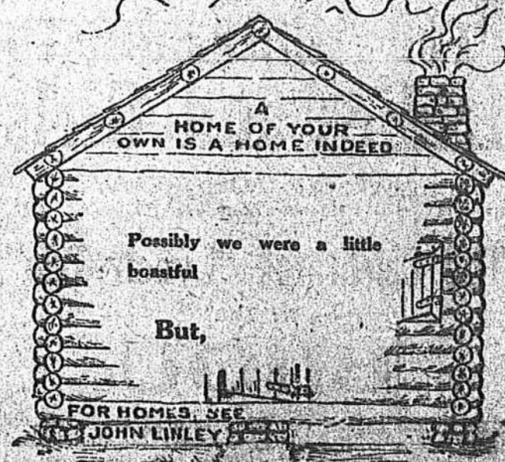

FARMS FOR SALE

I have farms in Anderson, Abbeville, Greenwood, Pickens and Oconee counties ranging in price from \$10.00 per acre to \$150.00 per acre. I have any size you want from a 25 acre tract to 1,000 acre tract. These are well improved.

Now is your time to buy before they go higher. Come to see me and talk this over about that farm you have been trying to buy, I can suit you in what you want. I also have any thing you want in city property.
